Introduction

Legal & General's Family Protection Plan is designed to help protect you and your family's financial future if you die or are diagnosed as being eligible for terminal illness benefit.

With our Family Protection Plan you can choose whether to benefit from the full range of cover available or simply choose cover to suit your individual needs. Your adviser can discuss all the options open to you.

Its Aims

The plan aims to do the following:

- To provide the amount of cover you choose
- To provide cover for the period you choose
- To provide the type of cover you choose.

Your plan includes:

- **Life Cover** – which pays out a lump sum if you die or are diagnosed with a terminal illness.
- After the lump sum is paid, your policy ends and you pay no more premiums.
- There are some circumstances when the plan will not pay out. These are shown on page 5.

Your Commitment

You must do the following:

- Disclose all the relevant information we ask for when you take out your plan. If you do not do this, it could mean your plan will not pay out and your policy could be cancelled. You should not assume that we will write to your doctor – it is your responsibility to complete the application form accurately.
- At the time of a claim, the person or persons making the claim must truthfully provide all the information we ask for. If they do not do this, it could mean your plan will not pay out and your policy could be cancelled.

- Tell us about any of the following changes that happen between completing the application form and when your plan starts:
 - Medical disclosures
 - Family history
 - Occupation
 - Travel or residence (other than for holidays)
 - Pastimes
 - Alcohol consumption
 - Start smoking
 - Use of recreational drugs, for example, cocaine or heroin. (Note these examples are not intended to be a complete list.)

If you do not do this, it could mean your plan will not pay out and your policy could be cancelled.

- Pay the premium by Direct Debit every month or annually by Direct Debit or cheque during the period of cover.

Risk Factors

The plan carries the following risks:

- If you stop paying your premiums your cover will end 30 days after the first missed premium.
- If you do not truthfully provide all the information we ask for on the application form or at the time of a claim, we will not pay out under the plan.
- We will not pay out in the circumstances described under "When will the plan not pay out?" on page 5.
- The plan has no cash in value at any time.
- The present tax treatment may change.

What is Legal & General's Family Protection Plan?

The Family Protection Plan is a long term insurance policy which can be tailored to meet your needs by allowing you to choose:

- The type of cover you need – your plan includes:

Life Cover – pays out a lump sum if you die.

Terminal Illness Cover – your plan will automatically include Terminal Illness Cover. This means that if you are diagnosed as having less than 12 months to live during the term of the plan and are eligible to claim, we will pay the sum assured immediately, instead of upon your death. This cover does not apply during the last 18 months of the plan and is not available on plans with a term of less than two years.

- The level of cover you need – this is the amount of lump sum we pay out after a valid claim.

- How long the cover lasts – Your plan can last from 1 year up to a maximum of 40 years but must end by age 80. If a one year term is chosen then Terminal Illness does not apply. After the lump sum is paid, your policy ends and you pay no more premiums.

How much does the plan cost?

You pay a premium every month by Direct Debit or annually by Direct Debit or cheque to keep your cover in force. Your premium depends on the following:

- Your personal circumstances – for example, your age, health, sex, occupation and whether you smoke
- The amount and type of cover you choose
- How long you decide you want the cover to last

If you stop paying your premiums, your cover will end 30 days after the first missed premium. The plan has no cash in value at any time.

How much does the plan pay out?

The plan pays out a lump sum. You decide on how much you would like this to be when you take the plan out.

The plan only pays out the main benefit once and then all cover ends. The attached personal illustration shows the period of cover, the type and amount of cover you have chosen and your premium.

Who can the plan cover?

You can apply for the plan to cover:

- You alone;
- You and another person; or
- One or two people not including you.

If the plan covers two people it will only pay out once if an insured person dies, or has a valid terminal illness claim during the period of cover, whichever is first.

When will the plan not pay out?

We will not pay a claim and all cover under the plan may be cancelled if:

- The policy has ceased due to non payment of premiums.
- You do not disclose all the relevant information that we ask for when you take out your plan. You should not assume that we will write to your doctor, it is your responsibility to complete the application form accurately.
- A claim is made and the person or persons making the claim do not truthfully provide all the information we ask for.
- The insured person commits suicide in the first year of the policy.
- You do not tell us about any of the following changes that happen between completing the application form and when your plan starts:
 - Medical disclosures
 - Family history
 - Occupation
 - Travel or residence (other than for holidays)
 - Pastimes
 - Alcohol consumption

- Start smoking
- Use of recreational drugs, for example, cocaine or heroin. (Note these examples are not intended to be a complete list.)

Further details of what is covered, and any standard exclusions and restrictions to the cover are given in the Policy Conditions section of the Policy Document which is made up of the Policy Schedule and the OLA (Ordinary Life Assurance) wrap. We provide more information about cover and limits in the Protection Plans Technical Guide. You can ask us for a copy of this.

What other options are available?

Some of the following benefits are optional. If required, they must be chosen at the start of the plan and there may be an additional cost. Full details of any extra benefits will be shown in the policy document. Your personal illustration shows any options or benefits included in your plan and, if so, the cost. For full details ask your financial adviser or Legal & General.

Waiver of Payment Benefit

This benefit pays your premiums if you are too ill to work for six months or more as a result of illness or injury. Although you will have to pay your premiums at first, after 26 weeks of incapacity we will waive your premiums. If you are not in gainful employment, you do not have to pay your premiums after 26 weeks, if you suffer an illness or accident which stops you performing three or more Functional Assessment Tests. Please see the Protection Plans Technical Guide for the Functional Assessment Tests definitions.

We will continue to waive premiums until:

- You no longer qualify for Waiver of Payment Benefit
- You reach the end of your policy
- Your 60th birthday
- You die

whichever occurs first.

Full details can be found in the policy document.

Indexation

This helps your cover to keep up with inflation. The premiums and life cover increase in line with the Retail Price Index each year (up to 10% in any one year). This option is only available if your application is accepted at normal rates.

If you choose to include the Indexation option, you must choose to take it at the start of your plan and we will offer you the opportunity to increase your cover regularly. If you decline the option at any time, we will not offer it again. This option is not available if you select the Conversion Option.

Conversion Option

This option gives you the flexibility to convert your life cover later on into a Whole of Life Plan without the need to provide any further medical evidence. There are a few restrictions. Your adviser can give you more information. This option is not available if you select Indexation.

Option to increase the amount of cover you have later on during the plan (Guaranteed Insurability Option)

You may increase the amount of cover later on without the need for further medical evidence up to certain limits. This is your Guaranteed Insurability Option. You can do this if:

- You get married or enter into a civil partnership*
- You become a parent
- You increase your mortgage because you are moving home or improving your home

For your policy to include this Guaranteed Insurability Option the policy must be accepted on standard terms and normal rates before your 45th birthday.

This option must be exercised before your 50th birthday (older life for joint life policies).

We will not ask any more medical questions and the rates at the time of the increase will apply. The limits which apply are set out in your policy document. Your financial adviser can give you more details.

* The Civil Partnership Act (CPA) 2004 came into force on 5 December 2005. The CPA is designed to provide a system of registration for same sex relationships. Civil partners will be in a relationship akin to marriage in respect to the laws of survivorship and benefits.

Accidental Death Benefit

Accidental Death Benefit provides you with life cover while your application form is being processed. This cover is provided free of charge and without the need for any underwriting. It will cover you if you die following an accident. The amount of cover will be the amount of life cover you have applied for or £300,000, whichever is the lowest. The cover will start when we receive a completed application form, and will last for 90 days, or until we accept, postpone or decline your application or you notify us that you do not wish to proceed with your application – whichever occurs first. Terms and conditions apply. Please see the Protection Plans Technical Guide (available on request) for more details.

Your personal illustration shows whether any of these options have been included in your plan.

When will my cover start?

You decide when you want your cover to start and the amount of benefit you require.

Will my payments ever go up?

Your premium is guaranteed. This means that your monthly (or annual) payment will stay the same throughout the term of the plan.

Your premium will change however, if you:

- Increase the amount of cover
- Choose the Indexation option
- Exercise your Guaranteed Insurability Option
- Exercise the Conversion Option

What are the charges?

The premium payments shown in your illustration include all the costs of administration, underwriting, claims, commission and selling expenses.

What if I am not sure if this product is suitable for me?

For family protection products the first £2,000 of any claim is protected in full. Above this amount, the scheme covers payment to 90% of the value of the policy.
